

# KOSEAA 20<sup>th</sup> Anniversary Meeting

Korean Scientist and Engineers Association in Austria

**Oct 19–21, 2018 / Vienna, Austria**

## Welcome Message

It is my great pleasure to invite you to the celebration of the 20th Anniversary of Korean Scientist and Engineers Association in Austria (KOSEAA), which will be held in Vienna, on 19–21 October 2018. In 1998, KOSEAA was initiated in the response to the request of Korean scientists and engineers in Austria with great support from the Korean Embassy in Austria and KOFST. During the celebration, we have planned many exciting programs that include short reminiscences from foundation members. You will also find the chance to make an influence on future works in the application of advanced science and technology. I am sure that it will not only be enjoyable but also valuable experience for our guests. I am looking forward to meeting you all at the celebration event in Vienna.

**Jong Mun Park, PhD**  
President of KOSEAA
